#### Poor Cables Help Early Liquidation, But Boll Weevil Talk Causes Support.

Tuesday Afternoon, June 29. Tuesday Afternoon, June 29.
Cables from Liverpool came very poor this morning and the weather in the belt as a whole was excellent, reculting in a wave of liquidation during the early part of the day. Absence of covering by shorts in July was also felt, while no encouraging new came from trade circles. Plenty of talk of boll weevil activities, especially in the lower part of Texas, where the past is said to be taking practically all the fruit being put on, tended to arouse buying, however, and some recovery followed. This resulted in a portion of the losses being regained, but there the losses being regained, but there was little snap to trading and sent-ment continued more or less confused on the eve of the reports and the triple bolidars.

was steady and from 10 to \$1 points not to the bad, while New Orleans was steady and 19 to 48 off.

regular and depressed, while but temporary steadiness.

There was little change at the opening, but temporary steadiness was helped by the firmness in July, which position sold as high as \$7.85c. It was reported that a group of cotton hosiery mills in this country were going on reduced time because siackened business, which with lack of buying power encouraged a reaction, which carried July to \$7.25c and October to \$2.80c. Then came the weevil talk and influence, which resulted in moderate recovery, and in the late trading changes were small.

Spot news was featureless and business continued very light. New Orleans continued very light. New Orleans continued very light. New Orleans continued the states of Merchies 600.

ness continued very light. New Or-leans sold 521 bales and Memphis 600, neither making any change in quota-tions. Dallas cut her quotations 85 point, middling to 38.50c, and sold 132 bales. But apparently spot news is cut-ting small figure at the moment as a market influence.

### NEW YORK COTTON.

NEW YORK, June 22—The resture in the cotton market at the eneming today was the continued strength of July. So far as could be learned therewere no additional notices and July sold at 37.26c at the call or 35 points above the close of yesterday and 245 points above the close of yesterday and 245 points above the low level of last Friday This was the result of continued covering and the strength of the maturing delivery had a sustaining influence on the later menths. They opened unchanged to five points higher but met considerable selling owing to the continued good weather, with thetoper easing off to 33.40c shortly after the call or 14 points below last night's closing.

### NEW ORLEANS COTTON.

NEW ORLEANS, June 23 - During the course of the first call in cot fon today and for a short period after, the market was higher but after gains of 4 to 35 points it weakened under realizing sales from the long side and fresh selling for short account, the latter based on favorable weather over the belt. During the first bour of business enough selling was done to wipe out the gains and send prices 3 to 13 points under the close of yesterday. July advanced to 37.40c and fell back to 37.00c.

was steady and from 10 to 51 points not to the bad, while New Orleans was steady and 19 to 43 off.

Liverpool tomorrow should open 20 up on July and from 8 to 14 points down on the later positions

The weather map showed some showers in the lower and extreme northwestern sections of Texas, while later details showed that showers were received at a number of points in the state where the weevit is present. The rest of the belt had no rain, which was ideal, while temperatures were about normal. Some of the early pressure was based on the notion that the weekly summary tomorrow morning would make bearish reading, but weevil talk was prominent and figured in the resistance shown by values.

Liverpool tosed steady at one point up to 18 down, which was against 25 to 20 up due. Private cames said little regarding what was happening over there, but it was put down as due to the state of Manchester trade and to the character of orep accounts from this side. Spots were marked up 8 points, fully middling to 27.76d, with sales 3.000 bales, including 2.800 American. Imports were but 1,000 bales. There was little change at the open.

Trading Very Quiet at Outset With Moderate Declines Predominating.

NEW YORK, June 29—Trading at the outset of today's stock market indicated a continuance of recent excessively dull and featureless session. With the exception of Consolidated Gas, which gained 1½ points on a favorable legal decision, and the further decline of 1½ points in Harrett, advances and declines, the latter predominating, were limited to fractions

vances and declines, the latter predominating, were limited to fractions. Heavy withdrawals of funds from iocal banks today and tomorrow to meet federal payments is expected to find reflection in the firmer money tendencies.

Dealings up to 1 o'clock were smaller than the low record of the preceding session. The market's tone was unchanged, except for an extension of heaviness to the food shares. Nine percent was bid for short time loans with few acceptances.

The closing was steady. Sales approximated 225,000 shares.

New York—Liverpool bought July and sold October. Rosenburg bid for large blocks of October, but always under the market.—Clark & Co.

### ROUND THE TICKER

New York - Wall street seiling expecting favorable weekly tomorrow.

S. T. H., Jr., to Reese.

New York. - The Journal of Commerce reports show considerable improvement in Alabama, not so much in Mississippi and Louislana. Course of prices today will be governed by action July, which appears to be in a very tight position. If Southern interests as reported are long 20,000 to 20,000 in the second prices and demand the cotton, July might go to unprecedented premiums over October. - Clevenburg to Clark & Co.

### CUBS WIN TWO.

CHICAGO, June 29.—Chicago won both games of a double-header from Pittsburgh yesterday, by scores of 5 to 2 and 5 to 4. A home run by Merkle, with Hollocher on base, in the third inning, was a chief factor in the first game. Hamilton had the second game won, 4 to 1, until the ninth, then weakened, and Ponder repiaced him, forcing in the winning run with a pass.
